

Dear Segra Customer,

Keystone Corporation has partnered with Segra to provide their tenants with custom fit solutions at discounted rates. Segra delivers a state-of-the-art fiber network that powers Palisades III. Their fiber network gives the tenants the "freedom to grow" with superior voice, data, and cloud services.

"Freedom to grow" is your license to achieve greatness. It's the freedom to stay connected with employees who are in the office and out in the field. The freedom to protect your sensitive data. The Freedom to tap into the power of the cloud. The freedom to have access to the latest conferencing technology. The freedom to integrate all of your communications into one streamlined solution. The freedom to provide your customers with unparalleled service.

You might be surprised to find out about the range of products and services we offer. In addition to our network services, we offer a full suite of voice services, managed services, and data protection services. Our state-of-the-art fiber infrastructure guarantees better reliability and speed. And you'll have the chance to bring all of your communications services into on master system.

Ready to give yourself the freedom to grow? Call our dedicated Segra representative Adam Bulgrin to schedule a one-on-one Communications Audit. He'll sit down with you to craft a communications solution that's tailored to your business goals and aspirations.

Thank you,

A handwritten signature in black ink, appearing to read "Adam B.", is positioned above the printed name.

Adam Bulgrin

Mid-Market Account Executive
